Call for Artists - North Dakota State Capitol Building

Three-month exhibition periods are available as follows:

January-March   April-June   July-September

North Dakota Council on the Arts (NDCA) will be taking over the 18th floor exhibitions in 2023, which is the observatory floor in the Capitol. (Through 2022, works hang in the Attorney General, State Treasurer and Auditor Offices as well as in the Ground Floor Governor’s Staff Office, next to the Cabinet meeting room.)

The 18th floor is very bright, and there is generous wall space between each window as well as a few larger walls for work to be exhibited. It is well-lit and has a security system.
