Program Overview

Arts in Education Collaboration

Arts in Education Collaboration (AIEC) is a grant program that provides up to $6,000 to arts organizations, schools, school districts, nonprofits, and government agencies to build collaborations and community partnerships that strive to increase access to high-quality, sustained arts education for K-12 North Dakota students.

This includes collaborations between teachers or departments within a school, between multiple schools within a district, between multiple rural school districts, between a school and community arts resource (teaching artists or arts organizations) nonprofit, or for-profit organization. Projects may take place in-school (during regular school hours), after-school, during summer sessions, and during professional development in-services.

Applicants seeking an entry-level or shorter experience are encouraged to consider NDCA’s Artist in Residence grant program. Applicants may receive only one North Dakota Council on the Arts Artist in Residence grant or Arts in Education Collaboration grant per fiscal year. Applicants cannot receive both in the same fiscal year.

Considerations

North Dakota Council on the Arts AIEC grant program addresses a core vision that all students have access to high quality arts education. The AIEC grant program asks applicants to consider:

- What is standing in way of “arts for every student” in their K-12 schools?
- What steps can be taken to address this challenge?

Applicants are encouraged to carefully review the Program Overview and Application Instructions located here arts.nd.gov/grants/arts-education/arts-education-collaboration, then contact the program officer with any questions.

Program Goals

- North Dakota school and district leadership, arts organizations, and community members are focused on providing students and teachers with increased access to K-12 quality arts education.
- Encourage and support arts education partnerships, so that partnership foundations will be strengthened, and work can be sustained into the future.
- Support identification and implementation of the “first steps” towards a vision of high quality, sustainable arts education programming.
- Support initiatives that incorporate a core strategy for working towards long-term, self-sustaining, participatory, and meaningful arts learning experiences for students.
Eligibility

A North Dakota school district, government agency, nonprofit organization, or fiscally sponsored group is eligible to apply and serve as the lead partner and/or fiscal agent for the grant.

Grant Award Amount

Minimum award request: $2,500
Maximum award request: May not exceed $6,000 or 50% of the total project cost, whichever is less.

For previously awarded applicants in this program, the maximum grant award amount may be gradually reduced over a 4-year period depending on NDCA allocations from the NEA and ND State Legislature.

Matching Funds

- A 1:1 match is required. For every one (1) NDCA dollar requested, the applicant must match or raise one (1) dollar from a cash source other than from NDCA and National Endowment for the Arts.
- Matching funds may come from any combination of private donations, earned revenue, or other grants.
- Matching funds may also include documented in-kind services and contributions, however, cannot be more than 50% of the total match, which means no more than $3,000 can be in-kind if a total request is made of $6,000. In-kind examples may include teacher salaries for out-of-classroom time spent on the project, cost for substitute teachers (must be directly related to the project), administrative support time, volunteers, supplies provided for the project, etc.

Multiyear Funding and Panel Review

Applicants may receive an Arts in Education Collaboration grant up to four consecutive years.

For each subsequent year of funding, the applicant must demonstrate progress towards the original programming goals and/or expansion of these goals, as appropriate. The NDCA Board makes a commitment to provide annual grants based on applicants successfully undergoing the panel review process.

Program goals are that after 4-years, the grantee will have been able to grow the project into a sustainable program with other resources and/or have expanded the project to include more partnerships, students, teachers, schools, and/or art forms.

Some grantees may qualify for funding beyond the 4-year period. This is usually dependent on partnership development, access to resources, shifting goals and/or priorities, and other external factors. To be considered, contact the program officer.
Project Requirements
All projects must include the following:

1) A Minimum of Two Collaborative Partners
   One from each category below:
   • School(s) or school district(s)
   • Parent group(s) or other community partner(s)

   **Tip:** Parent involvement is proven to be a successful education partnership. However, if not possible, another community partner is suitable.

2) Demonstrated Commitment from School Administration and Teachers
   It is important that the application demonstrate **active** and **ongoing** collaboration between the teachers, staff, and arts providers.
   • School superintendents and principals play a pivotal role in establishing a vision for the arts in their school by articulating goals associated with the proposed project and providing direction for the allocation of time and resources. Administrators and/or principals should demonstrate a high-level of leadership and commitment through participation in the proposed project activities when appropriate.
   • Teachers are the “linchpins” to success in all new instructional efforts and must be included in the planning and implementation of the proposed plan.

3) Core Strategy
   A strong proposal increases access to high-quality, sustained arts education for K-12 students, rather than focus on one-time exposure or enrichment activities, or short-term projects with limited student engagement. Examples:
   • **Planning and foundation building:** Audit of available community resources, strategic planning, curriculum development, evaluation, resource development, etc.
   • **Student learning in the arts:** Sequential, hands on learning in, through, and/or about the arts
   • **Professional development:** Training and learning for certified arts educators, classroom teachers, administration, teacher/artist teams, etc.

4) Qualified Personnel/Experts and Alignment with ND State Standards
   Arts learning projects must align with ND State Standards. Consultants and providers of professional development paid through the AIEC grant should have knowledge/expertise in addressing standards and various forms of assessment in the arts.

5) Realistic Scope
   The project proposal should demonstrate focused and achievable goals that are aligned with the partners’ current capacity, needs and resources provided by this grant.
   • The project plan may focus on one grade level, a full school, or the entire district, or in the case of small rural communities, a plan between several school districts.
• The project plan may concentrate on one arts discipline, several arts disciplines, the integration of an arts discipline with another subject area, or any combination of these.

6) **Americans with Disabilities Act Compliance**
NDCA requires AIEC applicants to consider physical and programmatic accessibility as an integral part of each organization’s planning and budgeting process. The project is required to be accessible as part of the planned activity.

**Application Review Process**

1) **After Submission:** Applications are reviewed by staff for eligibility and completeness.

2) **Panels:** Panelists are selected annually, visit [arts.nd.gov/get-involved/become-panelist](http://arts.nd.gov/get-involved/become-panelist). Meetings are online and open to the public. 3) **Review Criteria:** The panel evaluates each application and makes funding recommendations to NDCA’s Board based on the degree to which the applicant addresses specific review criteria. Panelists individually score complete applications. Those scores are averaged to arrive at the final panel score.

4) **Board Approval:** The NDCA Board of Directors has final authority to approve grants and amounts.
